LABELWRITER

THE EASIEST WAY TO PRINT LABELS FROM YOUR PC OR MAC

4

The LabelWriter is the fastest printer

for printing great looking labels in a second.

It automatically prints from MS Word, MS Outlook,

WordPerfect 12, CardScan and Palm Desktop.

The import database feature enables you

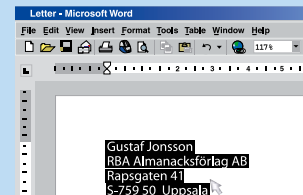

to print from databases such as MS Access and Excel.

Labels for envelopes, packages, files, media,

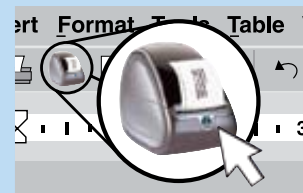

and name badges are just the beginning.

Whatever the task, DYMO has created

the right tool for your job.

1 Select name and address

2 Click on the LabelWriter print icon

3 Your label is ready

LabelWriter Twin Turbo

55 LABELS PER MINUTE
 UP TO 60 MM WIDE

The LabelWriter Twin Turbo is the perfect machine for the high volume LabelWriter user who needs large numbers of labels or the flexibility to choose between two labels styles on the fly. By combining two LabelWriter's in one machine, there is no need to switch rolls when you need to print a different size label or send out large mailings. All it takes is select, click, print and you are done.

- All the great features of a LabelWriter 400 Turbo plus;
- Automatic switch between Left and Right side at end of label roll
- Total capacity of two label rolls
- Integrates with MS Word, MS Excel, MS Outlook, Palm Desktop, Cardscan, ACT, Goldmine and WordPerfect 12
- Great looking design
- PC and Mac compatible
- System Requirements: Windows 98/ME/2000/XP. Mac 10.2.8 or higher.

* Only for die-cut labels.

LabelWriter Software

Included with all LabelWriter printers is DYMO Label Software. This easy-to-use program includes 40 templates, designer features and versatile Address Book. LabelWriter ships with the Software Development Kit (SDK). The SDK enables software integrators to quickly and easily add label printing functions to custom software applications. The software can be installed onto multiple computers, allowing LabelWriter printers to be shared on networks. DYMO Label Software is supplied on CD with all LabelWriter printers and is available for free download from www.dymo.com

The LabelWriter integrates seamlessly with popular software such as Microsoft Word, Outlook, Excel, WordPerfect 12, the Palm Desktop Software and CardScan for easy label printing direct from these programs:

All of these logos are registered trademarks of their respective owners.

LabelWriter package contents:

- LabelWriter printer
- CD with Windows/Mac software and manuals
- Quick-start card
- USB Interface cable
- Power cord
- Roll of address labels

System requirements:

- LabelWriter 400, 400 Turbo, Twin Turbo and Duo :
Windows 98 / ME / 2000 / XP, Mac OS 10.2.X, USB port

LabelWriter Labels

LabelWriter has a thermo-direct printing process with no messy ink, ribbons, toner or cartridges. You can print individual labels or the whole roll.

There are 16 different LabelWriter label formats. We have three label qualities:

1. White paper labels with a permanent adhesive ideal for most applications.
2. White paper labels with a removable adhesive for non-permanent labelling, leaving a clean surface.
3. Clear plastic labels with a permanent adhesive to reduce the contrast between the label and the surface to which it is applied.

PROFESSIONAL

DESKTOP AND PORTABLE LABEL PRINTERS

Professional DYMO labelling can drive efficiency in your office.

Name and identification documentation, filing trays and computer media swiftly and easily with eye-catching labels.

CD's, files and other articles that quickly pile up can be colour-coded to show what kind of material they contain or their confidentiality status.

With a label, you can make sure that valuable products come back to you whenever they are borrowed.

Our extensive range of desktop and computer-linked labelmakers can make your office a smarter and more efficient place to work.

PORTABLE LABEL PRINTERS

The robust handheld LabelPoint range is the perfect portable Labelmaker for factories, stores, warehouses and on the go.

- **Multiple Label Memory:**
Large storage memory on LabelPoint 250 & 350
- **ABC Keyboard:**
Simple one touch key operation
- **Robust and Lightweight:**
Practical labelling for professionals on the move
- **180 dpi Resolution:**
For high quality thermal printing
- **Print Preview:**
View label before printing for error free labelling
- **D1 Tape – 6 - 19 mm:**
Produces clear, durable self-adhesive labels in seconds, in a range of colours and widths suitable for various applications
- **Split Backing on Tape:**
For easy removal

INDUSTRIAL

HOW DO YOU SIGN YOUR WORK?

For electrical & datacom applications, in warehouses, production workshops or loading docks, DYMO products support safety and good organisation. We offer robust and practical solutions for clearly identifying every item in an industrial environment. Our range offers printers with special features which help the installer to save time.

HOT KEYS
FOR ONE TOUCH LABELLING

RhinoPRO 1000

RHINO1000, our most affordable industrial labelling tool, excels at a wide range of industrial-quality labelling tasks in light commercial and residential environments. Easy to use, yet highly functional, do-it-yourselfers are as comfortable reaching for this fast, reliable labeller as professional electricians, audio/video installers and facility staff. For enduring results, RHINO 1000 uses the same industrial-strength RHINO labels as our high-end models, ensuring long-lasting adhesion on virtually any surface.

- Simple one-touch "Hot Keys" for popular formats and functions:
 - FLAG: create two-sided labelling for cables & wires
 - FIXED: create fixed-length labels for face plates, . . .
 - VERTICAL: change direction of print for different layouts
- Serial key feature provides automatic printing of incremental labels.
- Includes commonly used audio/visual, electrical and safety symbols.
- Easy to load "all-in-one" RhinoPRO cartridges.
- Prints on 9mm & 12mm RhinoPRO tapes.

HOT KEYS
FOR ONE TOUCH LABELLING

RhinoPRO 5000

The RhinoPRO 5000 is an easy to use, affordable, rugged industrial label printer that uses durable labels that stick and stay stuck. It's specifically designed to quickly and easily label cables, patch panels, racks, infrastructure equipment, fuse boxes or anything else that needs labelling around your job site or facility.

- Simple one-touch "Hot Keys" for popular formats and functions:
 - WRAP : simply enter the diametre of your cable to create wraps
 - PPANEL : creates perfect patch panel labels for one port, forty-eight ports or a whole rack
 - MODULE : creates one label that fits exactly with the total number of modular components on a DIN rail
 - FIXED : creates fixed length labels for face plates, . . .
- Extra large backlit display for use in low light conditions.
- Easy to see, bright colour ensures it won't get lost.
- Durable rubber bumper provides extra protection.
- Includes commonly used datacom and electrical symbols: ohm, ground, phone, data, fax, and also prints barcodes 39 and 128.
- Built-in battery life indicator and auto-shut off so you don't run out of power on the job.
- Separate Save and Recall keys for quick access to label memory.
- Multiple line printing and serialisation.
- Fits easily in the palm of your hand for labelling on the job.
- Easy to load "all-in-one" RhinoPRO cartridges.
- Prints on 6mm, 9mm, 12mm, 19mm RhinoPRO tapes.

Rhino Tapes

DYMO's industrial Rhino tapes are developed for harsh environments and provide resistance against abrasion, different temperatures, chemicals, solvents, water and UV. DYMO offers several specific materials depending on the application, all with a strong adhesive and carefully chosen ribbon for high print-quality and resistance.

FULL BACKSLIT FOR EASY PEEL

Flexible Nylon & Coloured Vinyl:

Rhino Tapes

Rhino tapes include specific material depending on the application. They all feature super strong adhesives that stick and last in harsh environments, attached to flat, curved, textured and highly-textured surfaces.

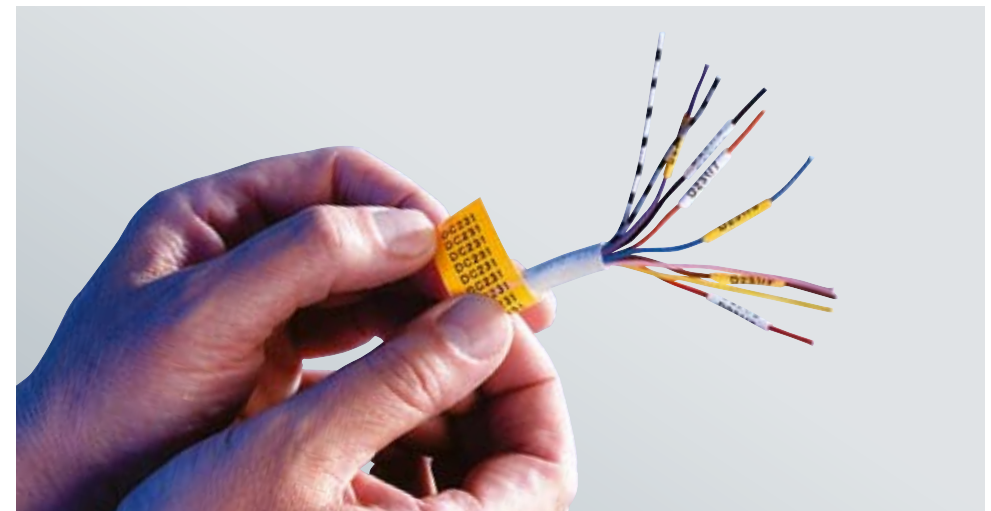

FLEXIBLE NYLON TAPE is specifically designed for wire and cable marking.

PERMANENT POLYESTER TAPE can be used on a variety of flat, textured or highly textured surfaces and has an excellent solvent and chemical resistancy.

COLOURED VINYL TAPE combines flexibility, a strong adhesive and a high chemical resistance which makes this tape suited for many type of applications where colour is requested.

CLEAR PERMANENT POLYESTER with the sharp printed black characters integrate very nice the structure and background of the application.

HEAT SHRINK TUBING is a non-adhesive yet permanent polyolefin solution to identify and protect your wire and cables at the same time. Flame retardant and 3:1 shrink ratio.

INDUSTRIAL EMBOSSING

HOW DO YOU SIGN YOUR WORK?

STEEL / ALUMINIUM TAPE

12 MM WIDE

DYMO M1011

This robust embossing classic is ready to take on any heavy-duty labelling job. As the M1011 prints on stainless steel and aluminium tape, it is ideal for any labelling challenge in the factory, outdoors or even on an oilrig. Its built-in hole-punch lets you apply labels with cable ties, nails or screws.

- Excellent character legibility
- Embosses 12 mm wide metal or vinyl tapes
- Variety of easy-to-use fixing methods
- Integrated hole-punch for creating hanging labels
- Cable tie slot for cable marking
- Easy-to-use tape cutting handle, even on stainless steel
- Tape cutting with rounded edges for your safety
- Measuring gauge included to define the length of your leader and trailer
- Reverse Image Wheel to print mirror script labels
- Metal tapes are available in self-adhesive or plain aluminium or steel
- Aluminium and Stainless Steel Tapes have an excellent resistance to weather extremes and high levels of UV light as well as resistant to corrosive marine and industrial environments
- Package includes: Sturdy hard carrying case, M1011 embossing tool, 1 roll 12 mm x 4,80 m aluminium tape without adhesive, 1 roll 12 mm x 6,40 m stainless steel without adhesive, 1 reserve image wheel

PERSONAL LABELMAKER

DYMO products are developed with your household and home office needs in mind. With DYMO Labelmakers, you can clearly identify files, packages, audio and video cassettes, computer disks, photo albums and much more. You can name the plants in your garden and mark their care instructions. For home cooks, DYMO labels can tell you what is in every jar or tub of home products and when it was made. When you move house, your new place will be in order much sooner if you label all your boxes and belongings.

12 MM WIDE

LetraTag LT100H

This simple-to-use system allows you to create labels exactly the way you want. It prints on a variety of coloured labels plus adds popular features like multiple font styles, underlining, bolding, text sizing and more. Unlike other label makers, the exclusive graphical display shows exactly how your label will print right on the screen. This means no more guessing what the label will look like. What you see is what you get!

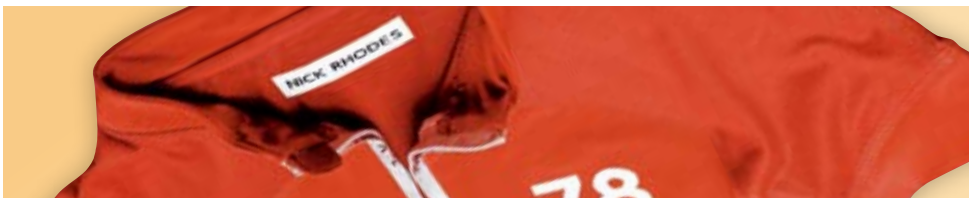

- Ergonomic design for easy handling
- Large 13-character display with print preview for editing label before printing
- Navigation buttons for easy access to advanced features
- 9 label memory
- 2 line printing
- 5 font sizes
- 8 box styles
- Auto-off Power Saver
- Date/Time Function
- Multi-lingual RACE Technology
- Uses 4 "AA" alkaline batteries (not included) or available AC adapter
